[VI] **SMITH-ROSE,** Reginald Leslie. Radiotechn. — 1919–25 Assist. and '25–33 Senior Assist., Electricity Divis., '33–34 Senior Scient. Officer and '34–38 Principal Scient. Officer and '39–47 Superintendent, Radio Departm., '48–52 Acting Superintendent of Radio Divis., '49, '56 Acting Dir., National Physical Labor., Teddington, Middlesex; '48–60 Dir. of Radio Research Board (→ Radio Research Stat., Ditton Park, Slough, Bucks), Departm. of Scient. and Industr. Research; '42–43 Chairman of Radio Sect., '53–56, '60–61 Member of Council, '61–65 Vice Pres., Instn. of Electr. Engineers, London; '48 Vice-Pres., Amer. Inst. of Radio Engineers; '51–70 Chairman of Study Group on Tropospher. Propagat., Int. Radio Consultative Committee; '60–63 Pres., Int. Scient. Radio Union; '60–80 Chairman, Postmaster-General's Frequency Advisory Committee; '61–73 Secretary-General, Inter-Union Commiss. on Allocation of Frequencies for Radio Astronomy and Space Research. — '14 Governor's Prize in Physics (Imperial College of Sci. and Technol., Univ. of London); '37, '53 Coronation Medal (United Kingdom); '47 U.S. Medal of Freedom with Silver Palm; '52 Commander of the Order of the Brit. Empire; '78 Honours Award (Int. Radio Consultative Committee).
